Winemakers Notes

The grapes were harvested at optimal ripeness and fermented in stainless steel tanks. Juice were fermented in smaller tanks, with a combination of pump-overs and punch-downs. Malolactic fermentation took place in the tank. Maturation was in oak barrels –10 to 15% new and the rest 3rd and 4th fill barrels.

Tasting Notes

The Syrah is expressive in the cooler climate aroma profile and showcase the under toned spice and herb profile, lined with elegant tannins. Lighter and more elegant in style, this wine is layered with red fruit aromas and has spicy notes of black pepper.

This cooler climate Shiraz exemplifies finesse and balance that are characteristic of wines produced in cooler regions. Its vibrant fruit flavours, subtle spiciness, and elegant structure make it an enjoyable and versatile choice for red wine enthusiasts. Pair it with roasted meats, hearty stews, or gourmet burgers to fully embrace its cool climate expression.
